

## **Parent Portal Mobile App**

There is a mobile app called iParent which gives you access to all the information on the Parent Portal website alongside real time notifications.

The iParent App can be downloaded from either Apple or Google Play at the following links:

[Apple phones/tablets click here \(App Store\):](#)

[Android phones/tablets click here \(Google Play\)](#)

The first time you open the app, it will ask for a school code. This is **RGHW**.

Then login as with the email address and password you created when you registered.

If you have any problems, then please email [ithelp@rgshw.com](mailto:ithelp@rgshw.com). If you are getting an error message from the app, then it would be really helpful to include a screenshot of the message in your email.
