

2 March 2020

Dear Parents

**Year 7 Elevate Education 'Memory Mnemonics' Workshop & Parental Seminar
Wednesday 18th March 2020**

You will be aware that back in September Year 7 took part in a 'Study Skills' workshop run by Elevate Education to support them in getting the most from their work at RGS. Due to the overwhelmingly positive feedback from the boys about this session, and a continuing desire to furnish them with skills that will aid them to reach their full potential, we are inviting Elevate Education back to RGS on Wednesday 18th March 2020 to run a 'Memory Mnemonics' workshop. The workshop will aim to give Year 7 some useful tips on revising factual material in preparation for their end of year exams at the beginning of June 2020.

To understand what your sons have learnt and to help them continue to implement this good practice at home, we will be running a **parental seminar** which will be run by Elevate Education from 7pm-8pm in the Queen's Hall on Wednesday 18th March 2020. In this session a presenter from Elevate will cover the revision methods taught to the boys during the day and guide you in supporting your son's revision for the end of year exams. Please could you indicate your intention to attend the seminar by signing up online using the parents evening booking system (<https://rgshw.parentseveningsystem.co.uk>). Boys should not attend this seminar. No more than two people per family may book. The system will open for bookings on Monday 2nd March 2020.

Yours faithfully

B E S Rose
Head of Year 7
