

3/10/19

Dear Parents/Guardians,

World Challenge 2020 Expeditions for current Years 8 and 9

You are invited to attend an Information Evening along with your son to hear about the School's approach to experiential learning. This opportunity will set your son apart, giving him the opportunity to become a true-life learner and share stories of his own adventure.

Much more than a school trip

We share a belief that by empowering students to drive their own expedition, they will go on to live a life of courage, kindness and adventure. From amazing environments to new cultures, the day-to-day challenges of expedition life encourage pupils to develop life skills and build deeper confidence, resilience and empathy.
