Dear Parents,

Benevolent Fund: One Can Trust Shortage of Produce

As you are aware, the School Benevolent Fund raises money for a number of charities. We thank you for reminding your son about his donations. So far this academic year we have raised over £1000 for Jeans for Genes.

We were recently contacted by the One Can Trust who run foodbanks for those in need in the Wycombe area. Unfortunately, their supplies are very low at present and they have asked if we could offer any donations to help. They are particularly in need of:

- tinned ham / corned beef
- tinned meat meals (minced beef / stewing steak)
- tinned vegetables
- tinned tomatoes
- long life milk
- cereal
- rice

Instead of the usual Benevolent Fund donation next **Tuesday 1st October**, we would very much like to support the charity with practical donations and would greatly appreciate it if you could send your son to school with one of the items from the above list. The One Can Trust provides much needed supplies to a large number of families and anything you can do to support us in supporting them would be much appreciated.

Please could students bring their donations to the Space, under the Queen's Hall, on Tuesday during registration via their Benevolent Fund representative in the form.

We appreciate that this is short notice but also hope that we can work together to make the lives of some of our neighbours a little more manageable.

Yours sincerely,

Mrs S Khan

Subject Leader for RS
Benevolent Fund Co-ordinator
