

1 June 2026

Dear Parents/Carers

Music - Celebrating Success!

At the RGS, we are proud to have many students who take instrumental lessons and examinations and who perform in a wide range of concerts and events throughout the academic year. We always enjoy celebrating their involvement and achievements.

We are also aware that many students pursue musical activities outside of school and we would love to recognise these accomplishments in the forthcoming **RGS Music Magazine**.

If your child has recently achieved anything musical — such as passing music exams, performing in concerts or productions, composing music, or taking part in musical theatre or stage shows — and would like it published, we would be delighted to hear about it.

Please send details of any musical achievements to the Music Department at music@rgshw.com by Wednesday 10th June, stating whether you want this to be included in the Music Magazine or not.

Yours faithfully

Natasha Jashari
Director of Music
