Whether you wish to fight skirmishes in a world of fantasy battles or command armies in the grim darkness in the far future, the Warhammer hobby has something for everyone. Club members typically bring their models to a session, where they can either build and paint or battle their models against their friends. The Club welcomes both experienced hobbyists and novices and aims to develop the hobby skills of both. Students set up and run their own companies from September through to the Area Finals in March. The best teams can progress through County and Regional stages to the National Final. Each team is expected to attend a company meeting with their Business Advisors on Tuesdays from 3.45-5.00pm. Potential participants should also be aware that there will be a number of training and selling events during the evening or at the weekend during the course of the competition. Success in the Company Programme is dependent upon the level of commitment that participants make, but it is fair to say that that participants generally gain a great deal from being willing to get involved and moving out of their comfort zones.
