FRORGS BEER & TOUCH RUGBY FESTIVAL 2025

GAME RULES

The matches are 7-a-side with rolling subs.

Each match is 10mins each way.

You are automatically awarded a try and the start of the game for every female participant you have on the pitch for the entire game. This is for a maximum of two females.

ATTACK

The attack has 6 tackles to try and score – after 6 tackles, if there is no try scored, the ball is turned over.

Post tackle, the ball is put between the player's legs and played by a dummy half.

The dummy half can run with the ball but cannot score. If the dummy half is tackled with the ball, it is turned over.

The ball carrier cannot travel post tackle and take extra yards. If they have momentum, they have to retreat to the tackle area.

There is no kicking.

If the ball goes on the floor, regardless of direction of travel, the ball is turned over.

If the ball carrier dives to collect and pass or deliberately goes to ground, the ball is turned over.

The ball carrier cannot dive to score.

DEFENCE

Defenders have to be 5m back from the tackle area. Failure to do so results in a reset of tackles for the attack.

Defenders cannot dive to make a tackle.
