

A guide for parents and carers University Pathways for Disabled and Neurodivergent Students

14 July ONLINE - 6pm - 7.15pm

Yr12 Parents - but all welcome!

**Is your child considering university?
Wondering how best to support them?**

In this free one-hour webinar, you'll discover:

- What happens before, during, and after the move to higher education
- Learn how to navigate applications, understand disability support, and help your child settle successfully into university life
- Gain practical advice from a university disability specialist, insights from students with lived experience, and honest reflections from a parent who has been through the process
