June 2019

Dear Parent

Re: Changes to the delivery of Human Papilloma Virus (HPV) vaccination in secondary schools

We are writing to advise you that following changes to the childhood immunisation schedule we are changing the way in which we deliver the HPV programme. From September 2019 the HPV vaccine will be offered to both girls and boys in Year 8, the two immunisations will be given one year apart.

We will be delivering the HPV programme to Year 8 boys only schools in September along with prep schools, the remainder of the schools will be visited between April and July.

You will receive the link to the online consent form and information regarding the vaccine one term before the vaccine is due.

The HPV delivery schedule will be as follows:

Academic Year 2019/2020 and subsequent years

Sept	Oct	Nov	Dec	Jan	Feb	March	April	May	June	July	Aug
Flu (Primary Schools)											
				Td/IPV/ Men ACWY/ MMR (Year 9)							
							HPV 1 (Year 8) & HPV 2 (Year 9)				

If you have any concerns or would like to discuss this further, please do not hesitate to contact a member of the Immunisation Team on the above number.

Yours sincerely

Sam Smissen
Buckinghamshire Immunisation Team Lead
Buckinghamshire Healthcare NHS Trust
