## SIMS Parent App

The Parent App allows you to check your son's emergency contact details, read his reports, see his Achievement and Behaviour Points, his timetable and his homework.

We are asking all parents to use the App to ensure we have the **correct address and contact numbers in case of emergency**. If this information needs amendment, you are able to request a change using the App.

If you are **not** already using the SIMS Parent App you will receive an email within the next 48 hours inviting you to do so. If you do not have the SIMS Parent App and do not receive an email invitation within the above time frame please contact the School [ithelp@rgshw.com](mailto:ithelp@rgshw.com)

**If you already have the App, we will not be contacting you.**

Thank you, as ever, for your support.
