Virtual Sports Day – Thursday 9th July 2020

The RGS Sports Department is pleased to announce that we will be running a ‘Virtual Sports Day’ on Thursday 9th July.

All students will be excused from timetabled lessons to complete the sports day events. It is a house event where every single score will be added to the House total.

We will also be having a parent and staff event, where we encourage any and all parents and staff to send in times and distances. These will be collated into a separate house competition. Your efforts will go towards your son’s house.

The event will start at 9:15 and continue until 13:15. Further details will follow.

We hope you will encourage your sons to give it their best shot, and if you are able, to join in yourselves. House colours are very much encouraged, and you can follow the progress of the event, throughout the day, on our twitter account @RGSHWSport
