

15 January 2026

Dear Parents and Carers,

World Challenge Namibia 2027 information and signup

I would like to invite you to sign up to the exciting World Challenge Namibia expedition, running in July 2027.

This is a life-changing opportunity for students to explore Namibia with expert guides, while developing their life skills, confidence, and independence. We're partnering with World Challenge to offer this 13-night trip, which complements school learning and offers students an unbelievable opportunity to continue learning outside the classroom.

During their expedition students will: complete a community project building solar panels for a local community, go on a multi-day trek through the country, experience some of the best wilderness the country has to offer, and experience some rest and relaxation whilst on safari.

Applications are already open, so please [visit our trip webpage](#) for the sign-up link, itinerary, travel dates, and trip cost – examples of how past students have earned this themselves will be covered in the talk.

The nature of this program being student-led means that there is a series of sessions and training days leading up to the eventual expedition, all of which serve to facilitate students' development of resilience and increase their overall appreciation of the trip. We also place the expectation on students that they fundraise as a team, at least 30 % of the costs towards their expedition and parental support in this would be much appreciated. We, as a school, will provide suggestions and opportunities to aid in this.

I personally can attest to the benefits of these sorts of expeditions which provide students with a truly once in a lifetime opportunity to experience cultures different to what they have before, as well as pushing themselves to achieve beyond what they thought was possible.

I hope to see a number of students take advantage of this amazing opportunity to experience a country and culture very few others will get to. If you have any questions or queries please don't hesitate to get in contact with me.

Kind regards,

Mr C. Mulholland
World Challenge Coordinator
