

## Ocean Bottle

We've partnered with [Ocean Bottle](#) to offer the RGS community a special deal on their award-winning, insulated bottles—complete with personalised laser engraving.

This is more than just a bottle. It's a statement. Each purchase removes 11.4kg of plastic from our oceans (that's 1,000 bottles!) and helps support our community's sustainability goals. We'll soon launch a dashboard to visualise our collective positive impact through this partnership.

Each will be personalised with the student's choice of name which is laser engraved and has a warranty of 10 years. I can honestly say that the bottle is even better in person than the mockup which can be seen [here](#).
