Dear Parents / Carers

Subject: Flu immunisations - Student Evaluation

We recently attended your school to deliver the FLU Vaccination to your pupils.

Part of our service is to listen to the child's voice and gain feedback from students regarding the whole process of an immunisation session; from information prior to the session and consent to the receiving of the vaccination and aftercare. The feedback we receive from pupils is completely anonymous, and is used to help us improve the delivery of our service to all young people across Bucks.

With this in mind, please can we ask that you send the following survey link to all students email accounts so that they may complete the survey and have their voice heard.

The link is:
