Dear Parents/carers

WARNING – PARKING OUTSIDE THE ROYAL GRAMMAR SCHOOL

Numerous complaints have been received by Police from residents in the area surrounding the school. The complaints are with regard to parking both at the beginning and end of the school day whilst parents/carers drop off and pick up students from the school.

Whilst on routine patrols we too have noticed incidents of obstruction of the highway, inconsiderately parked vehicles, and vehicles parked on double yellow lines and zig – zag lines, vehicles parked on bends causing obstruction to other road users and on junctions causing obstruction to other road users and pedestrians. We have consulted the Headmaster on this issue and we will be working together to try and resolve it, making the area safer for the students, pedestrians and other road users.

This letter has been prepared to raise parents/carers awareness of the issue in order that those involved can rectify the manner in which they park and drive, prior to it becoming necessary to take Police action against them.

Please give this matter your urgent attention and appreciate that local residents do need and have the right of exit from their driveways at all times. Speed limits, double yellow lines, and keep clear signs must be obeyed for the benefit of all. Failure to do so can, and will lead to Police prosecution in the form of either a Fixed Penalty Notice or a court appearance.

The Headmaster has also brought it to our attention that whilst school staff have been trying to alleviate the situation to ensure the students safety, some parents/carers have been verbally and on occasion physically abusive to staff. Under no circumstances will such behaviour be tolerated and could lead to Police prosecution.

Yours sincerely
