

1 October 2019

Dear Parents

Year 7 Elevate Education Study Skills Workshop

Elevate Education has been invited to RGS for several years now to support students in Years 11, 12 and 13 with study skills and revision guidance in preparation for taking their public exams. As we want to foster good practice in study skills right from the start, we have also invited Elevate into school to present to each Year 7 Form for a double period on Wednesday 9th October 2019.

The session is focused on teaching students how to study and revise, giving them essential tools to help them reach their full potential throughout the year, in the end of year exams at the beginning of June 2020

and in their RGS career. After the event, please ask your sons what they learnt and help them to continue to implement this good practice at home.

Yours faithfully

B E S Rose
Head of Year 7
