

18/05/2020

Dear Year 12 Students (and Parents for information)

We have been sent a special invitation by UCAS for you to take part in the pilot of a Virtual Engineering Exhibition.

Please read the following and act upon it if you are interested in any of the subjects below.

Message from UCAS

*I'd like to invite you and your students to take part in a subject specific virtual pilot exhibition, focussed on Engineering and Technology subjects, on **Wednesday 20 May 10:00 – 18:00.***

Subjects covered include:

- *General engineering*
- *Aerospace engineering*
- *Civil engineering*
- *Automotive engineering*
- *Mechanical engineering*
- *Electronic engineering*
- *Chemical engineering*
- *Computer science*
- *Electronic engineering*
- *Software engineering*
- *Engineering and technology*

Your students can explore multiple courses at up to 20 universities and colleges around the UK at our first ever virtual exhibition. They can speak directly to subject and admissions specialists via 1-2-1 or group chat, listen in on seminars, and pick up digital prospectus' and other information.

Students must register online now here: ucas.online-event.co/registration/ucas-4

I'd also be very interested in your feedback about what it was like so do drop me a line after you've taken part and tell me what you thought. I can then feed that back to UCAS.

Kind regards
Miss Munday
