

13 July 2020

Dear Year 13 student

As the end of term approaches, I thought I would write to you to wish you well.

We still very much hope that we shall be able to hold a 'gathering' in September, but in the meantime, we have prepared a 'farewell' video for you.

This will go 'live' through your Form Group Teams account at 1400 on Wednesday 15 July - I hope that you will log on at this time and catch up with your form and Form Tutor.

I hope that the esteem in which you are held, and the fondness which the staff feel for you, comes across loud and clear in these messages.

It has been a pleasure to work with you and I hope that you enjoy the summer break.

With very best wishes

Yours sincerely

**Philip Wayne**

*As you move towards your post-school life, the following may be of interest.*

*The Lansdowne Club is a private members club in Mayfair who offer a very discounted membership to young adults through their Club 1824 hoping, of course, that you'll remain a member. This sort of club is not for everyone, but it does offer a place to meet, eat and keep fit (in the well-appointed gym) in Central London and has a more modern outlook than some of the more traditional clubs. The Club has a link with the grammar school headteachers' group, hence my willingness to share this information with you. Click [here](#) if you'd like to know more.*
