GCSE Revision Advice

1. Start to plan your timetable **today** if you have not done so already.
2. Divide each subject into major topic areas and then see how you can fit these into the time you have available.
3. Make sure you allow time in the schedule for **practice papers**.
4. Use retrieval revision methods.
5. Also make sure you allow time for revisiting material prior to the exam.
6. Spaced retrieval practice is a “gold” standard revision strategy
7. Personalise your planner and pin it up at home.
