Dear Parents

Junior and Senior Cricket Development Programmes - Trials

The principal idea of these programmes is to identify players we believe have the ability to become future School 1XI, ECB pathway, and potentially, First-Class players. The Junior Programme will be selected from boys in Years 8 and 9, whilst the Senior Programme is selected from boys in Years 10, 11, 12 and 13. Delivered between November and March, the 17-week programmes will be led by external high-performance coaches and provide additional coaching opportunities during the Autumn and Spring terms for our performance-level players.

Trials will take place between 3.45pm and 5pm in the outdoor nets. Although balls will be provided, it is expected that those attending will provide their own batting equipment.

If you son is interested in attending his year group sessions he should sign up via his SOCS Cocurricular account.
