Dear Year 12 students (and Parents for information)

Higher Education

I will be sending through bits and pieces regarding HE over the next few months. I strongly advise you to read them, inwardly digest and react as necessary!

This post is from a lady called Jane Marshall who has been into RGS many times to do talks for us. She is returning in September to do a talk on 'Writing your Personal Statement'. She worked for Imperial within the Admissions Department so knows what she's talking about!
