

## **HE sessions on Clearing, Nottingham, Business/Entrepreneurship, Politics**

The University of East Anglia is offering A University Guide To Getting The Most From Clearing. The session can be accessed from home by students. The session is ideally suited to Year 13 students who are considering Clearing as a possible option and, in addition, want to find out more about how universities are approaching Clearing in the context of COVID-19. This should be a very helpful resource.

Please register to take part if you are interested.
