

## Newsletter for Schools, Young People & Parents

South West & Oxfordshire, Berkshire & Buckinghamshire

No. 01 - June 2020

**Welcome to our first newsletter, informing schools, young people and parents about the support available from the National Careers Service. Please share this with your students and their parents/carers.**

The National Careers Service offers free, expert and impartial careers advice to anyone living in England aged 13 and over, which can complement your existing careers guidance provision. We are happy to work with your school, help your students directly and support parents with any questions they have about their child's future.

### Free careers support for schools

Our careers [e-pack](#) has been created for schools and colleges to add value to your existing careers provision and give you time-saving tools and resources to help you effectively and efficiently plan careers lessons. - **Explore careers** – over 800 career profiles to support students' career research
- **Discover your skills** – short test to match skills to specific careers
- **Find a course** – up to date directory of courses and apprenticeships
