

9 October 2018

Dear Parents

### **Year 7 Elevate Education Study Skills Workshop**

Elevate Education has been invited to RGS for several years now to support students in Years 11, 12 and 13 with study skills and revision guidance in preparation for taking their public exams. As we want to foster good practice in study skills right from the start, we invited Elevate into school to present to each Year 7 Form for a double period this Wednesday 10th October 2018.

The session focused on teaching students how to study and revise, giving them essential tools to help them reach their full potential throughout the year, in the end of year exams at the beginning of June 2019 and in their RGS career. Please ask your sons what they learnt and help them to continue to implement this good practice at home.

Yours faithfully

**B E S Rose**  
**Head of Year 7**
