

16th July 2020

Dear Students

Sixth Form Car Park arrangements from September

We are pleased to be able to offer parking to a limited number of Sixth Formers. From September 2020 we will be introducing a charge of £75, which is competitive with local schools who offer this provision. The money raised through this will be used to renovate and then maintain the Sixth Form car park to an appropriate standard.

- There will be 40 newly numbered parking bays available
- The parking bays will be allocated on a 'first come, first served' basis on production of a FULL driving license. This will enable bays to be allocated as students pass their test
- An RGS, non-transferable numbered parking permit will be issued, by Mrs Warner in Resources, once payment is received through ParentPay
- Permits must be displayed whenever the car is parked at RGS
- Parking without a permit will not be allowed
- Students should request a new permit if they change their car during the validity of the permit. This will be without charge until the following payment window

Whilst we have been able to offer this facility free of charge, to date, we need to make improvements to the area. We believe it is appropriate for students who use it to contribute towards its upkeep

Students can "share" the cost of a parking bay by taking it in turns to drive / park to school. One payment should be made via Parentpay but two cars can be logged against one parking bay. By doing this you can share lifts, costs & be environmentally friendly.

We will send a reminder out at the beginning of September when Parentpay will be open for payments. Thank you for your co-operation.

Alex Wallace
Assistant Head
