

A photograph of two young people, a woman on the left and a man on the right, both wearing large black and red 3M Peltor Optime III headphones. They are smiling and looking at each other in a workshop setting. The woman is wearing a yellow high-visibility vest over a dark shirt. The man is also wearing a yellow high-visibility vest. In the background, there are large industrial metal cylinders. The Heathrow logo is visible in the top left corner.

Heathrow

ENGINEERING APPRENTICESHIP

At Heathrow, engineers and technicians keep our passengers and planes moving. It's meaningful, wide-reaching work that touches on all aspects of Heathrow life – from rails to road and signage to sanitation.

During our four-year apprenticeship, we'll mentor and support you as you grow your skills and learn from a wide variety of experiences. You'll gain an Engineering NVQ at levels 2 and 3 as a platform to build your career at Britain's busiest airport.
