Dear Year 7/8 Parents

I am pleased to be able to let you know that we have enabled access to the Accelerated Reader facility from home. Your son will be able to complete quizzes on the books that he is (hopefully) reading during this time (the sooner the better after the completion of each book) and we hope that this will motivate him to keep up his reading, with all its educational and well-being benefits.

Ideally, your son can access the system as usual. He should:

- Log onto the the VLE (google RGSHW VLE) using his School network password.
- Select the Library Home Page and scroll down to 'Year 7/8 Accelerated Reader'
- Enter his Accelerated Reader Username and password as usual. It may be advisable to check that NumLock is not activated.
- Take quizzes on any suitable books he has recently read

If there are any problems with the process, please email me at [library@rgshw.com](mailto:library@rgshw.com), or ask him to do so. If he has forgotten his Accelerated Reader password, or inadvertently locks himself out, or just needs some reading advice, I am available to help.

English classes may require the boys to read and quiz, so it would be good to check the process as soon as possible.

Kind regards

Jo Jones  
Librarian
