

## UCAS VIRTUAL exhibitions

We're pleased to announce dates for our new series of UCAS virtual exhibitions this autumn, designed to help students focus their research within their chosen subject area.

- **Business, law, and finance – 29-30 September**
- **Biological and physical sciences (including sport sciences) – 16 October**
- **People studies and teaching (including psychology, sociology, geography, politics) – 23-24 October**
- **Maths, engineering and computing – 2-3 November**
- **Creative subjects – 13-14 November**

Students considering applying to any of these subject areas **must register their interest in their chosen event now at [ucas.com/virtual-exhibitions](https://ucas.com/virtual-exhibitions)** and will be emailed as soon as booking is available.

Our new online exhibitions mean students can explore courses at lots of universities and colleges all around the UK. They'll have the chance to speak directly to key subject specialists, teaching staff and admissions experts, listen to topical seminars and ask questions, and pick up digital prospectus' and other information.

We'll be launching more virtual exhibitions for 2021 soon.
