### Year 12

- **UNIQ deadline 28th January**

During UNIQ you will be taught by Oxford academics, attend lectures and labs and use departmental facilities – just like a real undergraduate! In addition to lectures you might be asked to prepare some independent work for a tutorial at the end of the week where you will go through the topic in detail, either individually with a tutor or in a small group.

The UNIQ academic programmes are demanding, but they are also fun and you'll get to look at your favourite subject in new and engaging ways. Your UNIQ course will give you an insight into what studying at degree level, and at Oxford, is really like.

UNIQ runs courses in over 30 subjects, so there's plenty to choose from and almost certainly something to suit your interests. <http://www.uniq.ox.ac.uk/dates-2019>
