

27/4/26

Dear Parent/Carer

### **Bus Travel to RGS**

While the school does not directly arrange or manage student transport, several commercial operators provide dedicated school bus routes to RGS. These services are run independently; therefore, all decisions regarding routes, fares, and timetables are made by the companies themselves.

If you are interested in these services, please contact the operators directly to purchase tickets - notable providers include [Ashwood Travel](#), [Carousel](#), [Red Eagle](#) and [Redline](#). Carousel is introducing a new **631 service** from Beaconsfield and Slough starting this September. A booklet detailing all their services can be found [here](#).

Please note that while many operators currently stop at RGS, there may be other providers available. We encourage you to connect with other parents for recommendations or utilise resources like [traveline.info](#) to explore local public bus schedules and alternative travel plans.
