

It is important for your son to keep his eDofE profile up-to-date with all his activities, so please encourage him to;

- Complete the Programme Planners and submit them for approval ASAP – **until the planner is submitted and approved, the activity is NOT approved!**
- Upload evidence as he goes along – photos, activity logs, blogs
- At the end of the activity timescale, ask his Assessor to complete their report, add it to eDofE and submit the whole section for approval

If your son has not started his activities yet, it is not too late!

To participate in the 2020 expedition, he must either have two sections complete on eDofE or have sufficient evidence on eDofE to confirm he is actively working towards completing the sections.

Assessor Reports

What essential info must be included in an Assessor report?

- Start and end date of the activity
- Assessor's name and contact details (email or phone number)
- Assessor's comments

Evidence cannot be approved without these!

An Assessor may complete his/her report by;

- Completing the blank report in the student Welcome Pack
- Completing the report via the online portal at www.eDofE.org/assessor

If your son has lost his Welcome Pack, digital copies may be downloaded from [DofE Welcome Packs](#).

eDofE

If your son has lost his eDofE log in details, he should speak to/email Mr Clatworthy (dec@rgshw.com) or Mrs Henry (DofE@rgshw.com)

Need further assistance?
