

By now your son should be well on the way to completing his Bronze Award, possibly with only his expedition to go! It is important he keeps his eDofE profile up-to-date with all his activities, so please encourage him to:

- Complete the Programme Planners and submit them for approval ASAP – **until the planner is submitted and approved, the activity is NOT approved!**
- Upload evidence as he goes along – photos, activity logs, blogs
- At the end of the activity timescale, ask his Assessor to complete his/her report, add it to eDofE and submit the whole section for approval

If your son has not started his activities or logged into eDofE yet, it is not too late! There is still time to complete everything before the expeditions in 2020.

To participate in the 2020 expedition, he must have at least 2 sections complete on eDofE – for clarification this means timescale complete, Assessor's Report added, and entire section approved online.

Assessor Reports

What essential info must be included in an Assessor report?

- Start and end date of the activity
- Assessor's name and contact details (email or phone number)
- Assessor's comments

Evidence cannot be approved without these!

An Assessor may complete his/her report by;

- Completing the blank report in the Welcome Pack
- Via the online portal at www.eDofE.org/assessor

Lost the Welcome Pack? Go to the [RGS DofE page](#) to download blank Assessor Report forms.

eDofE

Lost your eDofE log in details? Speak to/email Mr Clatworthy (dec@rgshw.com) or Mrs Henry (sportsadmin@rgshw.com)
