

15/02/2022

Dear Parents/Guardians/Carers,

### **Morrisby Online Profiling at home**

**One of the toughest challenges that students face is to know which pathways they would find fulfilling and what potential they have. As part of their progression post-16 or post-18, we are offering the Morrisby Online Profiling facility for students in Years 10,11, 12 and 13.**

Morrisby Online is a guidance tool that helps students identify potential progression paths and make informed decisions about their study options. Participating students will take an online assessment **at home** which measures a variety of elements including career interests, work attitudes, talents and motivations. Once the assessment is complete, students will have access to personally tailored career and education suggestions, plus a wealth of careers-related resources. The cost of the subscription to the service is £30 per student which we are asking parents to fund. Students will have access for life with the ability to revise the profile and seek support over time. You can find more information on their website <https://www.morrisby.com/>.

Once participating students have completed their assessment, we strongly encourage them to make an appointment to come and discuss the results with the Careers Department at school. Whilst the report and data belong to the student, it is important that all students understand that relevant members of school staff will also have access to the results. This is so that we can offer the full range of support and the student can derive maximum value from the process.

#### How to sign up for the test

Please click on this link <https://app.morrisby.com/morrisby-pay?passedCode=p63Y67> which will be valid for use **until Sunday 1<sup>st</sup> May 2022**.

Upon payment, the purchaser will receive an email giving them a username and password for their child which can be used immediately. Once they have these details the student will need to go to [www.morrisby.com](http://www.morrisby.com) and 'Log in' in the top right-hand corner of the screen using their username and password to get access to the initial screen they need to complete prior to taking the assessments. From here they will be guided through the process. The Morrisby Profile does not need to be taken at any particular time and does not need to be completed in one session. Please find more information about the Morrisby Profile and how to complete the assessment at home in the attachment accompanying this letter.

If you have any further questions please do not hesitate to contact us.

Kind regards
