

03/10/2022

Dear Year 12 and 13 Students,

FINANCIAL TIMES – FREE SUBSCRIPTION

This is a reminder that we have a school subscription to the Financial Times which enables you to have free online access to it. The FT runs a wide variety of articles (medical, scientific, global, philosophical, political etc) not just financial ones. Many of you took advantage of this year and you are strongly encouraged to do so again as part of developing your awareness of current affairs.

Please follow the instructions on the FT school sign up page <https://www.ft.com/content/7ab6a9ec-1e4e-11e8-aaca-4574d7dabfb6> for how to sign up. If you signed up last year you may need to reactivate your account.

Please note that you can only sign up using your school email account (which must also be used as your username) and must do so whilst connected to the school IT network.

I thoroughly recommend making good use of this service as you never know what questions may be asked of you at future interviews or how a particular article may inspire further research on your part or just add to your general knowledge.

Miss Munday
