

06/01/2021

Dear Parent/Guardian,

Please find below a link to a video on YouTube which I have made to guide you in how to monitor your son's homework using his MS Teams account. When he is logged into MS Teams online, using any of the versions of the application, whether that be on a desktop, laptop, tablet or smartphone, you should be able to easily view all the outstanding assignments which have been set for him by all subject teachers using the methods outlined in this video:

[How to check your son's homework](#)

If you have any questions, problems or queries over the coming weeks, please do not hesitate to contact your son's Form Tutor in the first instance, or his Head of Year.

Any technical issues, such as password expiry, should be addressed to the IT Department by email:

ithelp@rgshw.com

Kind regards,

Bjorn Rose
