

12/12/22

Dear Parents and Guardians,

World Challenge Croatia 2024 – an opportunity to view our parents’ presentation

Thank you to those parents, guardians and students who attended our inspiring presentation from World Challenge recently. I have had a number of excited students contact me for more information! If you were unable to attend, but your son is interested in our expedition to Croatia in 2024, we do have a recording of the event, which can be accessed via the link below.

About Croatia 2024

This is a life-changing opportunity for students in the current Year 7 and 8 cohorts to explore Croatia with expert guides during Easter break 2024. During their time away, students will be developing their life skills, confidence and independence. We’re partnering with World Challenge to offer this 10-night trip, which complements school learning.

We’re delighted that so many of our Year 7s and 8s have completed applications already and we’re excited to announce that we already have 2 teams set to travel to Croatia. Applications are still open, and we look forward to seeing the teams grow over the next few weeks.

For all information about the trip, and to sign up to join the expedition, please visit our trip webpage [here](#) and let us know if you have any questions: support@myworldchallenge.com or fhc@rgshw.com.

I am looking forward to getting our teams together for their first meeting in the New Year!

With best wishes,

Mrs Chandler
World Challenge Lead
Teacher of Geography
