

15th October 2020

Dear Parents,

Academic Forum, Monday 19th October 2020 4.00pm – 5.15pm

I am writing to remind your son about this year's Academic Forum Event. This is a joint event hosted annually by Wycombe Abbey School and RGS for our Year 13 students. This year it will be run as a virtual event and our students will be able to access the event from home, using their devices. The usual Lecture Series programme will not be running on Monday 19th October in Periods 7 and 8 in order to allow students to access the Academic Forum from home. Access will be made possible at School if any participants have taught lessons on Monday afternoons.

This Forum gives our students the opportunity to engage in subject-based academic discussions and debate. It is an ideal opportunity for those looking at competitive universities or subjects (anyone who has applied to Oxbridge or for Medicine, Dentistry, Veterinary Science is expected to take part) or those who simply love to talk about their studies and improve their subject knowledge.

If your son is interested in attending, please could you carefully read through the terms and conditions in the Academic Forum Agreement Form (link below) and **return the Form to me by Friday 16th October 2020**.

Yours faithfully,

Shradha Tan
