Dear Year 11 Parents and Students

As you may already be aware, a number of Year 11 Students have been taking their assessments remotely rather than in the Queen's Hall. The majority of these students are set to return to school next Tuesday 23 March. To ensure that they make the earliest possible return to the Queen's Hall, we have decided to extend the Year 11 assessment period by one day thus allowing us to move next week's assessments and to include an extra study leave day. Next week, therefore, Monday will be a study day for all Year 11s at home and the timetable for Monday/Tuesday/Wednesday has now moved to Tuesday /Wednesday/Thursday as below.

Following reports of a leak prior to History Paper 1 on Tuesday, we have also decided to rerun this assessment with a different paper on Thursday 25 March Session 3. The topics for this paper are the same; the questions will be different. We know that there will be boys who did not see the paper prior to the assessment but in the interests of fairness to all, we believe this is the right way forward, particularly with these assessments being part of the grade generating process for this year's GCSE grades.

Kind regards
