Dear Parent/Guardian,

**RE: Year 11 Revision Guidance**

As we move through the year we are approaching the mock exam season. This is an opportunity for your son to have a 'trial run' of the final GCSE Exams in an internal setting. We always encourage students to prepare adequately for these exams as this will allow them to get detailed feedback on their individual areas for improvement. The most common question we, as teachers, get asked by parents and students is "what is the best way to revise?" To support both your son and you, the Subject Leaders have put together the attached booklet of revision advice for every subject at GCSE. I would encourage you to discuss this with your son.

If you have any questions please do not hesitate to contact me ([lap@rgshw.com](mailto:lap@rgshw.com)).

Yours faithfully,

**Mr L A Pettengell BSc (Hons) MEd**  
**Head of Year 11**
