Dear Parents

RGS Predicted Grades Process for university entry 2022

Last week all students present in Year 12 attended an assembly at which I went through our Predicted Grades process. I am attaching a copy of the document which they have all been sent and which we consider to be their official notification of this.

If your son was not in school last week, please could you ask him to read the document so that he is familiar with what needs to be done over the course of Year 12 and into Year 13.

With thanks and kind regards,

Hilary Munday
Assistant Head
