Dear Parents

Year 7/New Starters iPad Scheme

I write to update you on the Year 7/New Starters iPad Scheme.

We are chasing Jigsaw on an extremely regular basis, and they, in turn, are chasing Apple. To date, they have been unable to promise us a delivery date because of shortages in iPad production as a result of Covid. We understand that, whilst Jigsaw are at the front of the queue for Apple in the UK, supplies are currently being diverted to the US and Japan.

We are very sorry for the disappointment caused by this delay; it is frustrating for boys, parents and staff, who have resources ready to use with on-line teaching.

I assure you that we are doing all that we can to speed the process; we will be in touch the very second that we have good news.

Yours sincerely

Marieke Forster
Assistant Head
