

RGSHW CRICKET PROGRAMME

Clothing Information & Guidance
Season 2021

Introduction

During conversations about the standards and expectations we wanted to set ourselves as a group, two themes emerged regarding clothing:

- *"Taking pride in the badge", and*
- *"Only wearing RGS kit when representing RGS".*

Therefore, we are very happy to be working with Hawkinsport to provide a range of training and match clothing that can be proudly worn whilst working towards our target of *leaving a legacy on the pitch, in the record books, and in people's memories.*

Clothing Information

We believe most boys will already have many of the clothing items as they should be wearing them during their PE and Games lessons (training top, sport midlayer, sport tracksuit trousers, PE and games shorts, and the PE shirt).

These have been incorporated so parents are not required to purchase lots of new items should their son/s want to play cricket at RGS.

Working With 'Opening Up'

We all have mental health, just as we have physical health. The two are interconnected, but being physically healthy doesn't always mean that our mental health is in the same state.

We are honored to be working alongside *Opening Up* to use cricket to raise awareness, promote wellbeing, tackle mental health stigmas, and support those with mental health problems.

Working With 'Opening Up'

During the coming months, Opening Up will be delivering a number of workshops for our players focusing on topics including mental skills and fitness for cricket, coping with setbacks, dealing with stress and pressure, taking care of wellbeing, looking out for team mates, and mindfulness for cricket.

To support their invaluable work, we will donate £2.00 to Opening Up for every cricket t-shirt sold.

Future Coloured Clothing Fixtures

Many senior boys have stated that, when possible, they want to play T20 fixtures in coloured clothing. We will therefore use the cricket midlayer, cricket training t-shirt (long or short sleeved), and the coloured playing trousers, as our uniform to achieve this.
