MATHS MENTORING SCHEME: YEARS 7 - 12

Dear Parent,

The Maths Department is committed in supporting your son in his Mathematical education whatever his ability. To help with this process we have developed a Maths Mentoring programme which runs Monday lunchtimes at 1:30-2.00pm in Rooms 33 and 34 in the Maths block.

We have Year 12 Maths and Further Maths A-level students who volunteer as Maths Mentors to work on a one to one basis with the mentees under the supervision of a Maths teacher. The boys may bring any Maths work with them which could be revision, problems or practice exam papers. This system has proven to be highly successful and extremely beneficial in recent years for both mentees and mentors.

If your son would like to benefit from this resource, please encourage him to tell his Maths teacher, and to come along to Room 34 at 1:30pm on Mondays.

The expectation is that boys sign up for a minimum of half a term and attend regularly. A register is taken every week, and mentees will also receive a stamp in their homework planners to indicate that they have attended for parents to see. They should also bring relevant work with them as this is not provided.

Places are limited so please encourage your boys to sign up as early as possible to guarantee a place.

Yours sincerely

JB Holmes (Mrs)

Coordinator – Maths Mentoring Scheme
