

June 2022

Dear Parents,

SIXTH FORM TEXTBOOKS

I am sure that you will be aware that Government funding for Sixth Forms has been dramatically reduced over recent years. As a result, RGS has had to adopt a number of measures to ensure we can still provide the high quality and diverse curriculum of which we are so proud. One of these measures has been to ask Sixth Form students to pay for their textbooks. We regret having to make this request but would very much appreciate your support.

It is possible that some departments will be able to provide books where there is a surplus from previous years. In most cases, however, your son will be asked to obtain his own textbooks. The Sixth Form team has prepared details about which books are required; you will find this attached to this letter. Please note that if you choose to purchase the necessary textbooks from Amazon there is a link on the RGS website - [please click here](#). I warmly recommend this to you as RGS receives some commission which helps school's finances.

Should you have any difficulty in funding your son's books, please contact myself at (sn@rgshw.com) or Mrs Tan (st@rgshw.com) in confidence.

I shall look forward to seeing your son in the Sixth Form at RGS.

Yours faithfully,

Steve Noyes

Director of Sixth Form

SIXTH FORM BOOKS REQUIRED FOR SEPTEMBER 2022 (YEAR 12) AND SEPTEMBER 2023 (YEAR 13)

We would not wish any student to be unable to purchase the textbooks required for their A level course due to difficult financial circumstances. If you are in this situation, please get in touch with Mr Noyes (sn@rgshw.com) or Mrs Tan (st@rgshw.com) as there may be funding available to assist you.

YEAR 12 BOOKS

Ancient History

Year 12 linear A level – these will be the core books for both years:

- Plutarch's Fall of the Roman Republic Penguin books; translated Rex Warner £14 new but c £3-5 second hand 1972 or 2006 edition
- Thucydides Peloponnesian War – Penguin version translated by Rex Warner, £12 new, £3-6 second hand 1972 or 2000 edition
- OCR Ancient History AS and A Level Component 1 Greece, Hodgkinson et al Bloomsbury 2017 £17

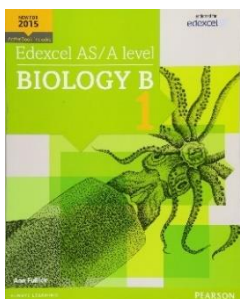

Art

Student purchase of sketchbooks will be organised by the Art Department.

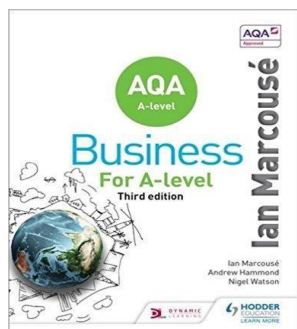

Biology

Course Textbook: Edexcel AS/A Level Biology B Student Book 1. Ann Fullick, published by Pearson. ISBN 978-1-4479-9114-4.

For the first year of the A-level, the AS book will be required. The second A Level book will be needed for the end of the academic year (July) to move onto the 2nd year content.

Business Studies

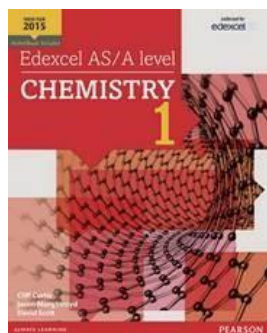

AQA Business for A Level (Marcousé)

Publisher: Hodder Education; UK ed. edition (25 Sept. 2015)

Available on Amazon

Note: this one book covers both years of the course

Chemistry

Edexcel AS/A level Chemistry 1,
Cliff Curtis, Jason Murgatroyd and

This book covers Year 1 material and a second book will be required to cover the second year of the course.

The department strongly recommends the purchasing of at least one revision guide that is specific to the Edexcel A level course. Different students have different preferences but CGP is usually the popular choice. Many students also find workbooks to be useful. It is best that any revision guides or aides are tailored to the Edexcel specification.

Computing

OCR AS and A Level Computer Science

380pp

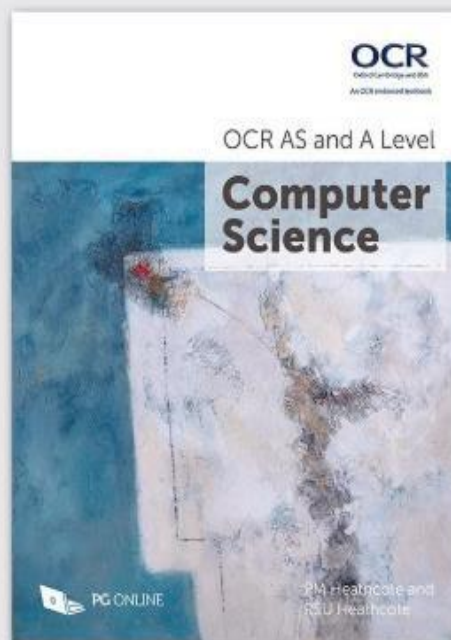

Available in printed paperback format, or as a digital subscription edition

A complete course text which includes AS and A Level for the H046/H446 specifications.

The book is divided into 12 sections, each containing roughly six chapters. Each chapter covers material that can comfortably be taught in one or two lessons. It will also be a useful reference and revision guide for students throughout the A Level course. Content applicable to the A Level only is indicated throughout the textbook.

Each chapter contains exercises, some new and some from past examination papers, which can be set as homework. Answers to all these are available to teachers only, in a Teachers Supplement which can be ordered and downloaded via the website.

To accompany this textbook, PG Online also publishes a series of 12 downloadable teaching units. Unit 10 Computational thinking is free. Each topic in a unit consists of a PowerPoint presentation, teacher's notes, worksheets, homework sheets and a final assessment test with exam-style questions. Each topic within a unit is expected to be taught over several lessons in a week. Units are sold as a lifetime site licence and may be loaded onto the school's private network or VLE.

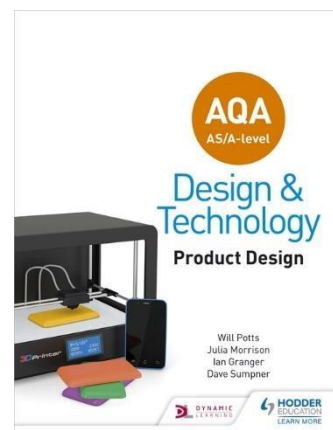

DT

AQA AS/A-Level Design and Technology: Product Design

ISBN 9781510414082

The textbook has been written by senior AQA examiners and links specifically to the specification that will be covered throughout the two years.

You will need to purchase a copy of this textbook yourself ready for use in September. The book's current retail price is £32.99 or can be purchased second hand.

Economics

This is for both years of the linear course.

We will have digital course companions and other materials available on Teams for viewing or download, but we also recommend a printed text book. The essential text for good coverage of all of the A level key topics is: Economics AQA 6th Edition by Anderton. This is available on Amazon or <http://andertonpress.co.uk/student-book/>

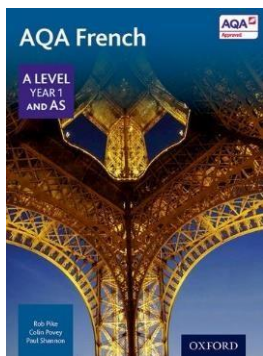

These will be supplemented by further resources produced by the department.

English Literature

- A Doll's House, Methuen Drama, Edited by Nick Worrall ISBN 978-1408106020
- Hamlet, New Cambridge Shakespeare, Edited by Philip Edwards ISBN 978-0521532525
- The Merchant's Tale, Cambridge School Chaucer ISBN 978-0521787536
- The Merchant's Tale York notes Advanced ISBN 978-0582772304
- Bram Stoker's 'Dracula' – any edition (e.g. Oxford World's Classics)
- Angela Carter's 'The Bloody Chamber' – any edition (e.g. Vintage Classics)
- 'Gothic Literature' by Sue Chaplin

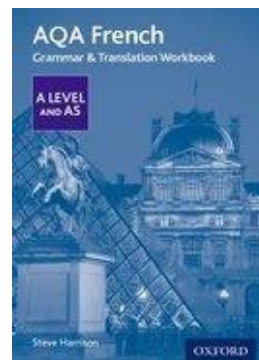

Please note that eBooks are not acceptable as an alternative to the physical book.

Maths (NOT students studying both Maths and Further Maths)

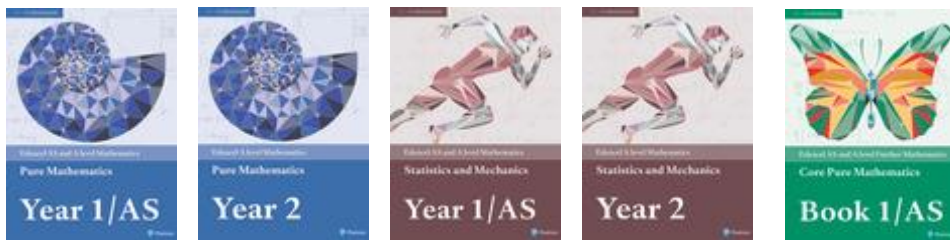

Students studying Mathematics need to purchase both the Pure Year 1 & Pure Year 2 textbooks as well as the Applied Year 1 Mathematics textbooks for Year 12. The Pure Maths textbooks normally cost over £19.00 each, and the Applied Maths textbook normally over £9.50.

Alternatively, you are able to purchase a digital subscription for all three textbooks through the school, and the cost of all three textbooks together for the year is £12.50. Parents can purchase this by ParentPay up until Friday 16th September 2022 (a/c “Year 12 MATHS A-level only digital textbook subscription for 2022/2023”).

This Parentpay account will be opened on GCSE Results day (25th August), when students will know whether they have achieved the required grades to study A-level Maths.

- Edexcel AS and A level Mathematics Pure Mathematics Year 1/AS Textbook + e-book ISBN 9781292183398 (Publisher: Pearson)

- Edexcel AS and A level Mathematics Statistics & Mechanics Year 1/AS Textbook + e-book ISBN: 9781292232539 (Publisher: Pearson)

Maths and Further Maths (NOT single Maths students)

Students studying the Maths and Further Maths course will need to purchase all five textbooks for Year 12; these are the two Pure Year 1 and Year 2 textbooks, the Year 1 and Year 2 Applied textbooks, as well as the Core Pure 1 textbook. The Pure Maths and Core Pure Maths textbooks normally cost over £19.00 each, and the Applied Maths textbook normally costs over £9.50 each.

Alternatively, you are able to purchase a digital subscription for all five textbooks through the school, and the cost for the year for all 5 textbooks together is £30.00. Parents can purchase this by ParentPay up until Friday 16th September 2022 (a/c “Year 12 MATHS AND FURTHER MATHS A-level digital textbook subscription for 2022/2023”). **PLEASE NOTE: you do NOT need to purchase the subscription for Single Maths if your son is studying both Maths & Further Maths subjects.**

This Parentpay account will be opened on GCSE Results day (25th August), when students will know whether they have achieved the required grades to study A-level Further Maths.
